

1. Preparation of the next COST Action

The procedure for application of the new COST Action was discussed. The form for application was distributed. The comments are welcomed till 28 February. The provisional title is Integrated Fire Engineering and Response. The ad hoc group for the preparation of the application: F. Wald, I. Burgess, Y. Wang., M. Gillie, M. Veljkovic and D. Pintea.

2. Preparation of the materials COST C26 Conference 21-23 October 2010 in Naples

The members of the WG decided to rediscuss the materials for the COST C26 Conference 21-23 October 2010 in Naples during the next meeting.

3. Registration of the COST C26 web page

The colleagues of the WG are asked to register the web page at Thompson to allow the colleagues to present their work in COST locally. Dan Pintea kindly offered to help the Action vice-chairman Prof. Euripidis Mistakidis with the registration.
